RE: FAITHFUL CHILDREN'S CENTRE(REG.NO.000605)

This is to confirm that Faithful children's centre is a registered charitable children institution by the National Council for Children Services in Kenya. They provide shelter, food, clothing, medication, education and psycho-social support to vulnerable children. The categories of children they support include street children, abandoned, orphans and children rescued from hostile environment by our department. They are excellent in the provision of their services according to our standards. Any assistance given to them will go along way to give hope to the vulnerable children.
